

Infant November Newsletter

It's November! This month marks the end of Daylight Saving so don't forget to set your clocks back an hour! We plan to utilize the short days by continuing to develop our sensory and cognitive skills. We continue to be thankful for all of you, and hope you feel the same! Have a blessed Thanksgiving this year!

This Month: We plan to utilize the short days by refining our grasp, hand-eye coordination, and aural (hearing) development. We will be using monochrome color trays to expand our visual knowledge by recognizing slight shifts in light and color. We will also create a sensory station that incorporates various sensory inputs to build connections between neurons leading the child to develop more complex problem-solving skills.
