

Hello All!

We are welcoming June along with music from Mr. Gabe, faculty of our neighborhood music school, [Notes n' Beats](http://www.notesnbeats.com) (www.notesnbeats.com), in Ashburn.

You are welcome to take PRIVATE lessons with Notes n' Beats music school after school hours either on our own premises or at their studio in Ashburn. Send email to info@notesnbeats.com for private lessons, you can also get a chance to participate in their recitals.

Here are some musical activities that your children are engaged in, during their music class.

5 Little Ducks:

This song was such a hit with kids last month that we will be taking some more time to perfect it this month. Needless to say, the kids are more than happy.

"John Jacob Jingleheimer Schmidt":

John Jacob Jingleheimer Schmidt challenged the musical prowess of our kids since the song is typically repeated several times; sometimes each repetition may get louder or softer.

If you're Happy and you know it:

Our evergreen hit number, this song continues to be a hit with children and adults alike !

Sing-Along: As always, we offer the option to Sing alongside Mr. Gabe as he plays the guitar while you attempt your favorite melody. Here's a heads up – Mr. Gabe is excellent at playing the Guitar so go on a list out your favorite songs for him to play at these fun sessions.
